

Our Wine Selection

We have chosen the best wines from our suppliers. We hope you enjoy them as much as we did when choosing them! All of our wines are selected to go with the abundance of wonderful ingredients West Cork has to offer, from our locally caught seafood to our mountain lamb.

To serve you choice and quality in wine, as well as some more quirky and interesting wines, we use Coravin's wine access technology to allow us to offer you our entire range by the glass. This leaves the cork in place and protects the wine from oxidation, thus allowing it to evolve naturally, as with an unopened wine. Please don't hesitate to ask for a recommendation to match your chosen dish...
